Dear Carla, Nick and Jewell:

I am attaching an Agenda for the call this afternoon. Please let me know whether later today you can provide an answer to one or more of the following questions:

1 Is the ECHA Board holding a special session to pass a resolution in favor of the previously submitted Demo / Dispo Application? I've heard from HUD that this is a necessary step in the application process.

2 Does ECHA propose to demolish some or all of the units within the complex? We've heard conflicting reports. The Application appears to seek approval for a

full demolition but other statements being reported suggest that some buildings will remain in place.

3 Does the City envision the future land use as residential, commercial / industrial, or mixed usage? Again, we are seeing conflicting reports about the long-term plans for the property.

4 Does ECHA own or operate any housing within Zone 2? Is ECHA or the City aware of any Section 8 housing within Zone 2?

Any light that you can shed on these matters would be appreciated. We look forward to talking with you this afternoon at 3:30 CT.

Sincerely,
